NIKKO PARIN

Shopify Developer / Designer & Graphics Designer

Cavite, Philippines | hello@nikkoparin.work | nikkoparin.work

Hello there!

I hope everything is going smoothly for you today!
I was really excited to spot your job listing for a Shopify Developer / Designer role. With more than six years of experience as an all-rounder designer and developer who can handle various tasks, I'm genuinely looking forward to the possibility of collaborating with you and your team.

- **Experience** - Over the span of 6 years, I've cultivated a solid foundation in my field, working closely with clients from the USA, UK, and Australia. This experience has broadened my perspective and enhanced my adaptability
- **All-Rounder** - I initiated my professional journey as a Graphic Designer and subsequently expanded my skill set to encompass Web Development. My primary expertise centers on the Shopify Platform, which I've been actively utilizing since 2016. I possess the proficiency to create high-quality graphics for various purposes, including social media posts and advertisements, using tools like Photoshop and Figma. On the development front, I'm adept at crafting tailored solutions for Shopify stores through Liquid templating, HTML, CSS, and Javascript.
- **Resourceful** - I can find practical solutions and offer ideas that help pave the way for future development and design steps. I'm dedicated to providing my clients with the best choices that can elevate the project's performance.

Should I be granted the privilege of joining your esteemed team, I am genuinely excited about the prospect of demonstrating my diverse skill set and contributing to your organization's success.

If you're interested in exploring further details about my work, please don't hesitate to visit my portfolio at https://nikkoparin.work or take a look at the resume I've provided. Thank you!

Sincerely,
Nikko Parin
